There is more than one [used car supermarket, Norfolk](#) . There are various car dealers located around Norfolk but I think the biggest is Stebbings Car Superstore. They have the largest choice of vehicles. Stebbings stock used cars, nearly new cars, pre-registered cars, ex-demonstrator vehicles, VAT qualifying cars and vans and Motability cars. It is best to visit car supermarkets Norfolk during the week where possible to avoid waiting to speak to a car salesman as weekend scan be very busy. Remember to take your driving licence should you wish to take a test drive and never hesitate to get a part exchange valuation.
